

Spring Engineering & Computing Showcase

Date: Wednesday, January 23, 2019

Time: 10:00 am to 1:45 pm

Location: Fitzpatrick Atrium

Register here: <http://bit.ly/2019EngCompShowcase>

Do you have an engineering or computing project (individual or group) from your past or present that you want to share with others? Are you looking for an opportunity to build relationships with organizations?

The Spring Engineering & Computing Showcase (open to all Duke students), could be the event for you!

- Show off a project in front of representatives from organizations like Microsoft, NetApp, SAP and Google (each of whom attended last year).
 - Google is one of the organizations attending this year!
- Receive training to help confidently and clearly present your ideas.
- Attend a networking lunch with the attending employers and faculty.
- Have your resume included in a book shared with all participating employers.

Intrigued? Have questions?

Contact Erin Carlini at erin.carlini@duke.edu.

Ready to register?

Visit <http://bit.ly/2019EngCompShowcase> and register while space is still available. All information submitted through registration is for planning purposes. Submit what you know now, and we'll ask for updates and confirmation in January.

Registration ends December 14th.
