

## Overview

- **Monday**

1. Review HW1 Rubric, Assignment
2. Show HW2 example
3. Explanation and Due Date of [PJ1](#) Assignment - Team Formation
4. Apple Developer IDs
5. View / View Controller Lecture

- **Wednesday**

6. REMINDER: Apple updates will be coming soon - make sure you do NOT update Xcode! Turn auto-update OFF. We will update together.
7. HW2 Moved to Monday morning - see Sakai
8. 21 Steps to a Useful App
9. HW 3 Overview - see [Handbook](#). NOTE: Don't start HW3 on the master branch before MONDAY! Create another branch to start HW3.

## Additional Resources

- Slides are in [Resources](#), but also in Git under [WEEK 03 VIEW AND VC](#)
- Example implementation of HW1 will be in Resources as HW1 Example.playground once everyone's HW1 is received
- Sample code apps in Git -
  - MANUALVIEW
  - DYNAMICVIEW
  - TAKEPIC
- ["21 Steps to a Useful App"](#) file in Resources
